Financial Policy

We are committed to providing you the best care possible and keeping you informed about the charges for your services and obligations.

1. Your insurance policy is a contract between you and your insurance company. As a service to you, we will file your insurance claim if you assign the benefits to the doctor; if you agree to have your insurance company pay the doctor directly. In the event that the insurance company does not pay JMJ Family Practice within a reasonable time, you will be billed for the services given. If a payment from the insurance company is received after you have paid for services, we will refund any overpayment to you.
2. Prior arrangements have been made with many insurance companies and health care plans to accept assignment of benefits. They will be billed directly and you will be required to pay a co-payment at the time of service.
3. If we do not have a prior arrangement with your insurance plan, we will prepare and send the claim for you on an unassigned basis. The insurance company will send the payment to you and you will be responsible for payment at the time of service.
4. Not all insurance plans cover all services. In the event that your insurance plan determines a service to be "not covered," you will be responsible for payment of service. Payment is due upon receipt of a statement from JMJ Family Practice.
5. Your insurance company will be billed for all services provided in the hospital. You are responsible for any balance due.

I have read and understand the financial policy; I agree to be bound by the terms. I also understand that such terms may be amended by JMJ Family Practice.

Access Agreement

JMJ Family Practice provides portal access for the exclusive use of its patients.

It is the mutual responsibility of both the health care provider and the patient to ensure that all information in a patient's records is correct and complete. If you identify any discrepancy on your record, you agree to notify us immediately.

This patient portal is not designed to provide healthcare services. You should always contact our office for health care questions and needs. Please note the following additional limitations regarding the use of this patient portal:

- No internet-based triage and treatment requests. Diagnosis can only be made and treatment rendered after the Provider sees the patient.
- No emergent communication or services. Any emergent conditions should be handled by calling the office directly, or calling 911 should the emergency be life threatening.
- No requests for narcotic/controlled medications will be accepted.
- No requests for new prescriptions or refills for conditions for which you are not being treated by our clinic will be accepted.
- It may take 48 hours to receive a response to a message sent through the Patient Portal. If you do not receive a response within 48 hours, please contact the office at 407-935-9012 or 321-425-2233.
- If you lose your password or username, you may request a new one through the Patient Portal or in person at the office by providing valid identification.
- Always remember to log out and close your browser when you are finished accessing password protected Patient Portal services. This prevents someone else from accessing your personal information.

We do encourage using the portal for

- Prescription refills request
- View laboratory results
- Appointment requests for non-urgent concerns
- Review of Continuity of Care document including your medication list, problem list, immunizations & allergies

This patient portal is provided as a courtesy to our valued patients. If you abuse the patient portal, or we suspect such abuse, JMJ Family Practice reserves the right at our own discretion to modify, suspend or terminate your access and use of the patient portal system.
